

*Providing the Best Services in
Stucco remodels, stucco add ons,
and stucco additions services*

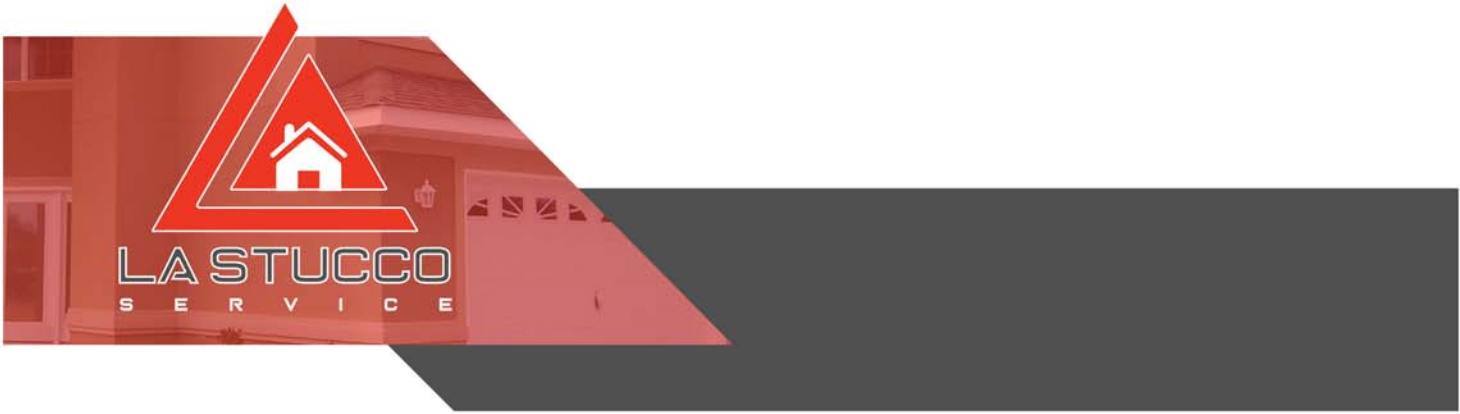

818-940-0900

Los Angeles Stucco Service has years of experience in the stucco trade. Based on our extensive experience we are confident we will be able to meet and exceed your expectations and complete your projects in a timely and satisfactory manner.

We are trained in and approved applicators of conventional stucco, EIFS, interior plaster and specialty finishes.

Los Angeles Stucco Service can handle projects of any size and any location throughout Southern California. We are fully insured and bonded.

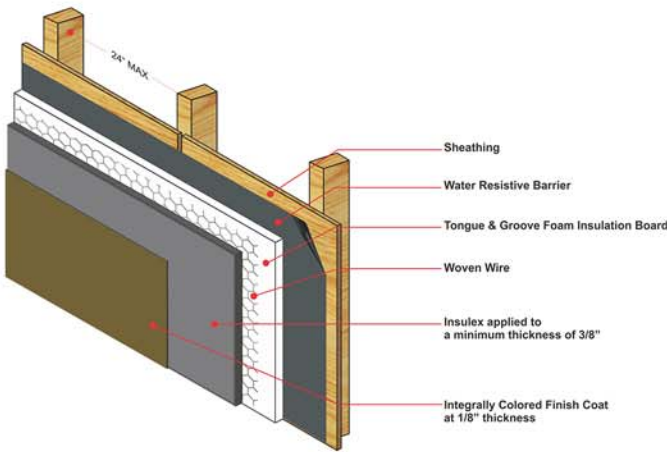

Trusted Stucco Service for your Home or Business

No one ever looks at a luxury home and says, "Wow, what a beautiful stucco job". But when the corners are sharp, the walls smooth and the moldings impeccable, people will say, "Wow, what a great house". And that is music to our ears.

Over the years, Los Angeles Stucco Service Contractors have won numerous Homes awards for Best Exterior. We're just as comfortable doing an addition as we are a multi million dollar mansion.

So whether you're a general contractor or a private home owner, we take your work seriously and we approach every project with the same professionalism and attention to detail that has earned the respect of builders statewide.

Our Industry Trends

Newest advances in Stucco

We are constantly searching for and implementing the newest advances in our trade and keep up with industry trends/changes and are up to date on the latest code changes.

Los Angeles Stucco Service can handle projects of any size and any location throughout Southern California. We are fully insured and bonded.

We know what is at stake in the process of remodeling, renovating or building a new home or business. Homeowners and General Contractors count on Los Angeles Stucco Service to deliver top quality work and solutions for the Stucco, EIFS, Masonry and plastering of their projects.
